Feb the 29/47-

Dear Sir

At a late meting of our Soc of Inquiry the executive Com^{e} were directed to correspond with all Similar Associations throughout the country to the end that we might obtain more full information as to the missionary spirit of the rising gen^{n} of ministers - Will you therefore be so good as to give us 1st The number of the present Senior class who expect to consecrate their lives to a foreign field - 2 The proportion it bears to that of the preceding class - 3 The number now in the Sem who expect such consecration - 4 The proportion it bears to that of the preceding year or with what it was three years ago -

And much oblig- Yours in Christ-

S. W. Wright-
